TERM 2 WORKSHOPS

‘ EXPLORING MATHEMATICS’

A social and cultural study journey.

Live dangerously as we travel into the uncharted exotic land of mathematics. No passport, no road maps, and positively no experience or knowledge is required to enter into this realm.

Helen McGregor our course leader will guide us on a fun tour into uncharted territory.

Together we will uncover the sacred sites, find the gurus and explore the social and cultural aspects of mathematics.

Bookings essential.
